Erasmus - Project "Solidarity for a better world"

Many thanks for this inspiring week!

We experienced an outstanding hospitality and friendship. Every body felt welcomed and well taken care of.

We learned a lot in manyfold activities, visits, debates and lectures. We were impressed by the hard working and committed students and teachers. The involvement of the student's parents was also surprisingly refreshing.

We could feel how much the Colegiul National "Petru Rares" cares for their students and their future life.

All the best

Barbara Holt

Jacobe Zapf

Frank Strodel

Julia Kabatas

Freie Waldorfschule Augsburg

Thank you so much for this amazing week.
It was such a great effort to host such an amazing
weekend school to learn from the Romanian students
and teachers.
We got a lot of ideas from the very beginning and our colleagues
and friends were their best to welcome us.
We were back to Spain full of interesting learning
experiences and as teachers this is the most motivating
to participate in Erasmus Projects.
I hope to meet you again and... please, Minister
of education, don't forget to support this school.
All what you invest in it will be a reward for
the future generation of Spanish students.

Thank you to all the members of staff, students and parents for
organising such a wonderful and inspiring week. The hospitality
was outstanding and it was great to get to know a new culture.
Looking forward to meeting you all again with Erasmus.

Merci beaucoup,

Joanne Roques and Maricelle Trene
(The French Team)
